

BCA's "Feed the Need" project (2019) was very successful! The blessings continue to flow.

Our students raised the money to purchase 10,000 meals for Haiti. They then packed and shipped it to the hungry children in Haiti. We know the children received and consumed it two months after we shipped it. Praise the Lord!

Secondly, playground equipment was purchased and is now being shipped to BCA for our playground area. We are expecting it to arrive soon. Thirdly, the Parent/Student WIFI is now available on campus for their convenience.

BCA has the best students and parents in the world!

50 Years of "All for the Glory of God!": 1970-2020.
