Acts of Service

Bethel Christian Academy is deeply committed to community service as a vital expression of Christian character. Students are encouraged to serve individually through mission trips, church involvement, and personal initiatives that meet the needs of others. Corporately, the school participates in organized outreach efforts such as food drives, class projects, and community partnerships that allow students and staff to work together in service. Through these opportunities, BCA endeavors to foster a heart for others and equip students to be servant-leaders both now and in the future. An increase of over 500 hours was recorded compared to the previous school year!

2025-2026 Community Service Hours: 5,000+ Hours

Achievement in Action

Students in kindergarten through twelfth grade participate in Iowa Standardized Assessments each spring. The data collected identifies areas of strength and opportunities for improvement both for the individual student and the academic program as a whole. Scores indicate an overall upward trajectory with significant increases in kindergarten and second grade. The current senior class once again leads the way with their impressive achievement. These students ranked first overall among North Carolina Christian School Association participating schools.
